

## «SPITZENMEDIZIN: KÖNNEN WIR UNS DAS NOCH LEISTEN?» DONNERSTAG, 5. SEPTEMBER 2024

### **Prof. Dr. med. Thomas F. Lüscher**

Director of Research, Education at Royal Brompton & Harefield Hospital Trust and King's College

**These 3** | Wir brauchen Spitzenmedizin:

**Weil wir dem Fortschritt verpflichtet sind  
(Forschung und Innovation)**

🕒 **Referat / Podium**

Professor Lüscher ([www.tomluescher.ch](http://www.tomluescher.ch)) studied medicine at the University of Zurich and obtained board certification in internal medicine and cardiology in Switzerland and is GMC certified in the U.K.

He trained at the Mayo Clinic in Rochester, MN, USA in cardiovascular physiology and cardiology and was Professor of Pharmacotherapy and Director of Clinical Pharmacology at the University Hospitals Basel, then Professor and Vice-Chairman of Cardiology at the University Hospital Bern and later Professor and Chairman of Cardiology and Director of the University Heart Center at the University Hospital Zurich, Switzerland. Since 2017, he is Director of Research, Education & Development and consultant cardiologist at the Royal Brompton & Harefield Hospitals and professor of cardiology at the Imperial College and Kings College in London, U.K.. Since October 2023 he is also Co-Director of the Cardiovascular Academic Group of King's College. He further holds a parttime commitment as Chairman of the Center for Molecular Cardiology at the University of Zurich (see [www.cmc.uzh.ch](http://www.cmc.uzh.ch)).

Professor Lüscher has been mentoring numerous physicians and scientists from around the world with many holding chairs or directorships at universities and major hospitals in Switzerland, Europe, Asia and North America.

## «SPITZENMEDIZIN: KÖNNEN WIR UNS DAS NOCH LEISTEN?» DONNERSTAG, 5. SEPTEMBER 2024

His research is translational and focuses at the basic level on endothelium-derived mediators and their alteration with aging, atherosclerosis, lipids and inflammation as well as at the clinical level on coronary artery disease, acute coronary syndromes and heart failure. He is among the 0.1% most cited scientists with a h-index of 151 (Scopus).

He is an editor of the ESC Textbook of Cardiovascular Medicine (Oxford University Press 2019) and the Module Innere Medizin (Springer Verlag, Heidelberg, FRG) and of the Manual of Cardiovascular Medicine (Oxford University Press 2022). He lectures worldwide and is also active on social media (<https://twitter.com/TomLuscher>) and has his own youtube channel (<https://www.youtube.com/c/InsideCardiology>). He was editor-in-chief of the European Heart Journal 2009-2020 (last IF 29.9) and continues as senior editor. He is now president elect of the European Society of Cardiology.
